animal welfare and social decisions is it time to take

May 31st, 2020 - although such measuring is typically more difficult than measuring human welfare it is certainly not impossible and available
measurement methods are likely to improve over time section 3 discusses whether we can model animal welfare in a social welfare function
framework and demonstrates how such a framework can indeed be enriched with animal welfare concerns"*cambridge studies in parative politics*
ser age in the

June 7th, 2020 - far from being the oute of demands for welfare spending by powerful age based groups in society the age of welfare is an unintended
consequence of the way that social programs are set up the way that politicians use welfare state spending to pete for votes along either programmatic or
particularistic lines locks these early institutional choices into place'
