May 29th, 2020 - in beasts at bedtime
scientist and father liam heneghan
examines the environmental
underpinnings of children s stories
from beatrix potter to harry potter
heneghan unearths the universal
insights into our inextricable
relationship with nature that underlie
so many classic children s stories' 'why
we need an absence of noise to hear
anything aeon**

*June 1st, 2020 - it is often the case
that innovations in our environmental
sensibilities and in the environmental
sciences emerge from taking seriously
the intuitions inherited from
traditional knowledge indeed some of
these insights can be drawn from folk
stories and mythology as i tried to
show in my recent book beasts at
bedtime revealing the environmental
wisdom in children s literature 2018'*
